

Our Vision

1 year ago, I was a bright Lamborghini zooming through the world.
1 year ago, I was a fierce lion roaming the deserted streets of Africa.
1 year ago, I was a deflated football at the end of a match.
1 year ago, I was a beaming blue Ferrari parading through the universe.
1 year ago, I was a premier league football gliding through the freezing cold wind.
1 year ago, I was a 5-star hot cheesy peperoni pizza adored by all.
1 year ago, I was a red vibrant Ferrari speeding down the dusty bumpy road.
1 year ago, I was a confused lost leopard with fresh unknown wounds.
1 year ago, I was a purple Ferrari racing through the misty mysterious mountains.
1 year ago, I was a glowing green BMW racing through the crazy world.
1 year ago, I was a purple posh Rolls Royce zooming down the new undiscovered road to find its destination.

Today I am a gold shiny Ferrari speeding through the dusty unclear road.
Today I am a hard football shooting down the windy uneven pitch.
Today I am the sun's energy piercing joy through the angry dark clouds.
Today I am a beautiful angel shining hope through the world.
Today I am a cheetah sprinting in the deserted desert with the shimmering sun unveiling my warm face.
Today I am a cold glass of orange juice with a fresh touch of luxurious cookies on the side.
Today I am a bright purple race car speeding to the end of the vibrant rainbow.

5 years from now I will be a strong gorilla king exploring unknown worlds.
5 years from now I will be a professional gymnast crashing through the barriers of life.
5 years from now I will be a fabulous green Mercedes rocketing through the wonderful white clouds.
5 years from now I will be a vegetable soup bubbling joyfully in the steel saucepan.
5 years from now I will be a strong confident police officer enforcing kindness.
5 years from now I will be a courageous scientist discovering unknown wonders.
5 years from now I will be a significant successful roaring rich lawyer.
