

25 June 2021

Dear Parents

We are having some work done to the school flat roofs over the next few months. You will notice that there will soon be scaffolding around some areas of the school, predominantly at the front, including the Year 3 entrance. This entrance will continue to be used by Year 3.

All the works to be carried out on site have been fully risk assessed and the contractors will be following strict protocols and procedures. Health & Safety regulations, including the Work at Heights Regulations 2005, will be strictly adhered to. The school has also carried out its own thorough risk assessment.

Pupils have already been told what to expect when they arrive for school next week and safety rules will be covered again on Monday.

Kind regards

Helen McGovern
